

TXEMA GONZÁLEZ

Txema González born in Cádiz and lives in El Puerto de Santa María where he takes training at the Academy of Fine Arts "Santa Cecilia". His life, linked to creativity, leads him to reside in Marbella where he works and develops as an interior designer.

Always in touch with the art world and its artists, he begins to work in an art gallery, which drives him to make his own creations.

In his professional career and in each of his works delicacy is always present, which is shown in each cut as something beautiful and intrinsic.

HIS STYLE

González uses geometric shapes to create a world of visual effects playing with lights, shadows and colour. His creations evoke architectural figures, causing 3D sensations.

He manages a clean and elegant technique in which he tries to find balance, which attracts the attention of everyone who observes his pieces and transports him to a world of relaxation and serenity.

His compositions open to the freedom of the imagination of the viewer, transmitting different sensations that leaves no one indifferent.
