

LUCÍA LAGO

Degree in fine arts. Faculty of Fine Arts of San Carlos. Polytechnic university of Valencia.

With a very particular style, Lucía Lago works mixed media primarily on canvases, to which she applies different textures to give her own personality.

The young artist manages to give life to her works with a depth based on the contrasts of colours.

Her paintings are always changing. The harmony of colours and their variety of themes, give to their works a delicate and spiritual dimension.
